CROP 1942

CONTRACT TRADE LIST

OF "CALIFORNIA'S CHOICEST
FLOWER SEEDS . . . SINCE 1890"

Prices quoted in this contract trade list are for your guidance in placing *contract orders in advance* for seeds from 1942 crop. Prices quoted herein are *not* in effect for current sales from 1941 crop. Refer to your copy of our 1941-42 Novelty and Specialty and General Trade list for present orders. Our 1942-43 novelties will be offered in our Novelty and Trade List, to be offered in August of this year.

Bodger Seeds, Ltd.
WHOLESALE FLOWER SEED GROWERS

LOS ANGELES COUNTY EL MONTE CALIFORNIA, U. S. A.

CABLE ADDRESS: Registered
"Bodger El Monte" All Codes

Important Notice

This is a contract list for your guidance in placing contract orders now for 1942 crop seeds covering your needs for the 1943 season. Our 1941-42 Novelty and Specialty and General Trade List remains in effect for all sales from 1941 crop. The placing of **early** contract orders is advised this year more urgently than usual. Both land and labor are scarce and costs rising, with the result that many prices may have to be raised when our Novelty and General Trade List for 1942-43 is issued in August. It is to your advantage to protect yourself **now** on prices and supplies.

Terms and General Conditions of Delivery

ALL SEEDS are quoted F.O.B. El Monte, California, for delivery after harvest crop 1942, 60 days net, less 2% cash 30 days. All invoices payable in U. S. dollars in or by New York or Los Angeles Exchange. All overdue accounts subject to sight draft without further notice.

Bags and containers will be charged at cost and are not returnable. There will be no charge made for bags smaller than the one pound size (5x7½ inches).

Prices quoted in this list are for 1942 crop only, and do not apply to 1941 crop sales. All orders of 4 ounces or over will be charged at the pound rate; all orders under 4 ounces will be charged at the ounce rate.

We reserve the right to change any or all prices in this list without notice.

For every order, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions.

In case of crop shortages, orders will be filled pro rata only.

Crop failure or any cause beyond our control releases us entirely from delivery.

We give no warranty, express or implied, as to description, quality, purity, productiveness, or any other matter of any seeds we sell, and we will not be in any way responsible for the crop. If seeds are not accepted on these terms, they are to be held subject to our order.

Should fulfillment of any order or contract be prevented or delayed by the act of God, war, blockade, revolution, prohibition of exports or imports, riots, strikes, lock outs, fire, loss and/or detention at sea or any other contingency beyond our control, we shall not be responsible for any loss and/or damage thereby.

Shipping Information

Domestic: Time is important. Many of our customers use the Air Mail exclusively to save time and get the most possible out of our rapid order filling and delivery service. We suggest that you do the same. If your order is sent to us by Air Mail from the east coast it arrives the second day, is filled the same day it arrives and if shipped by Parcel Post seed will reach you within seven days from the time the order left your office. Correspondingly less time is needed when shorter distances are covered. For faster delivery, seeds shipped by Air Mail or Air Express will reach you within four days from the time your order is

sent to us. For the greatest possible saving in time, send your order by wire to be shipped by air; seeds will arrive within two to three days from the time ordered.

Air express rates are calculated on the basis of half-pounds and distances are zoned. Air Mail is calculated on an ounce basis and goes as first class mail. Both speed up transportation immensely, and where time is a deciding factor, they certainly are the cheapest in the long run. Air transportation is safe, sure and economical.

Regarding rail shipments, both Parcel Post and Express will take 4 to 5 days to reach the east coast. When the shipment is over 10 pounds in weight it is cheaper to ship by express, but when it is less than 10 pounds, Parcel Post is cheaper. Parcel Post packages marked "Special Delivery" are given first class mail service and will go through practically as fast as first class matter.

Shipments of 75 pounds or over can be sent most economically by Freight. Package cars leave Los Angeles twice a week, arriving in Chicago the 7th morning and in New York the 10th morning. Contract orders and others placed considerably in advance of the time needed should be sent by Freight.

Foreign: When sending orders by cable, we suggest the use of our number code to cut down on words and expense. Five numbers in a unit may be sent for the cost of one word, a rate which reduces costs considerably.

Bodger Service Department

Novelties: The amateur gardener is novelty conscious, and it is easy to sell a new variety. Novelties are your logical sales leaders, and it is decidedly to your own advantage to make good use of them in your newspaper publicity, your advertising, and your counter features in the store. Make your selections from among the novelties listed herein and you cannot go wrong.

Transparencies: Our new colored transparencies are your busiest silent salesmen. They are accurately hand colored on translite film, printed from our regular photographic negatives. Placed in your store window, on the counter, along the walls with the seed racks, or near the cash register, they attract attention at once, and show your customer the actual flower of the seed you have for sale. Write us for full details regarding transparencies and the cabinets in which to display them.

Kodachromes: Our photographic department has recently assembled a very large collection of the small 35 millimeter Kodachrome slides which are available for the use of our customers for illustrating talks before garden clubs and other interested groups. If interested in the use of these Kodachrome slides, write us for full details and booking dates.

We are also equipped to photograph flower subjects in the larger professional size Kodachromes on order. We have a few 5" x 7" Kodachromes on hand at the present time. Write us if interested.

Bodger Service Department

Electros: Believing that the day has passed when any average seedsman can afford to devote a full page or even a half page of space in his catalog to one subject, with this average seedsman in mind we have made practically all of our new electros and nickelotypes in a small size this season so that six, eight or even more subjects can be shown on a page. We believe this size, particularly in the colored electros, will prove popular with retail seedsmen. We call your particular attention to our inexpensive $1\frac{3}{4}$ " x $2\frac{1}{4}$ " color plates and to the large selection of new $1\frac{1}{4}$ " x $1\frac{1}{2}$ " black and white electros.

All electros we send out are unmounted unless the order specifies that they be mounted. There is an additional charge of 20% for this service. Since a majority of our customers prefer unmounted electros we have followed this policy, but will be very glad to have them mounted for any who so request.

Photographs: Through our Photographic Service we are able to furnish you with a complete line of first class photographs of novelty and standard flower varieties suitable for publicity and catalog purposes. Photographs will be submitted for approval upon request.

Bulletins: The most ambitious effort of our Service Department is the publication of a series of bulletins on various flower subjects. Bulletin No. 1, The Zinnia and Its Uses, Bulletin No. 2, Asters of Today, and Bulletin No. 3, Petunias, Past and Present, have been distributed; if you have not received copies, write us and they will be forwarded promptly.

Horticultural Colour Chart: In certain sections of this catalog, we have added to the regular description of a variety some numbers and words in italics. These refer to color blocks in the Horticultural Colour Chart which many of our customers have secured either from us or from the Royal Horticultural Society direct. To visualize the exact color of the flower thus described, refer to your copy of the Colour Chart, turn to the page mentioned, mask the color block with the black mat provided and you will see the exact shade of the variety. For instance, Larkspur Stock Flowered Rosamond is described as *625 shaded 623*. These page numbers will be found in the upper right hand corner of each sheet in bold face type. *625* is the predominating color of the bloom with a shading of color *623*. Larkspur Stock Flowered Rose Queen, similar to Rosamond, is described as *623/1 and 623*. These two color tones will be found on page 623, block *623/1* being a slightly lighter tone of the full color *623*, both of which very similar colorings are found in this variety. We have been able to compile fairly complete color recordings of several flower varieties. We believe that by this method you will be able to visualize the colors of the several varieties much more vividly than any word description can do.

All-America Awards: Winners in the All-America Selections Competition are designated in this list by the following symbols: (G. M.) Gold Medal; (S. M.) Silver Medal; (B. M.) Bronze Medal; and (H. M.) Honorable Mention.

All-America award winners are among the finest flower varieties. We hope you are featuring as many of these All-America winners as possible.

f—cut flower variety, special for florists

gr—greenhouse plant
p—perennial
ra—rock plant annual
rp—rock plant perennial

ASTERS *a*

LARGE FLOWERED, HEAVY STEMMED, SPECIAL FLORIST VARIETIES

EARLY GIANT WILT RESISTANT *f* (Bodger)

The finest large flowered, heavy stemmed wilt resistant Aster yet developed. Flowers are of the large Giants of California type, while the plants are less tall, about $1\frac{1}{2}'$ in height, with strong heavy stems. This class is early blooming, coming into flower four to six weeks earlier than the Giants of California, that is during early to mid August. An exceptional new class.

		Per oz.	Per lb.
34	Light Blue (Bodger) (S.M.,A.A.S.'39)	1.30	15.00
38	Peach Blossom (Bodger), opens white, flushes lavender pink	1.30	15.00
30	Rose Marie (Bodger) (H.M.,A.A.S. '40), rich rose	1.70	20.00

SUPER GIANT *f*

This is the largest and most fully double Aster class known. The flowers are from 6" to 8" across, with full petaled, graceful, interlacing petals. Plants are about $2\frac{1}{2}'$ tall, with six to eight long, non-lateral stems per plant.

20	El Monte (Bodger) (B.M.,A.A.S.'36), crimson	1.05	12.00
26	Los Angeles (Bodger) (S.M.,A.A.S.'34), shell pink	1.05	12.00

EARLY CALIFORNIA GIANT *f* (Bodger)

A new early blooming strain of the Giants of California Aster. The flower size and form are the same as in the later blooming group, while the plant habit resembles the Beauty class, with branching beginning rather high on the main stem, the flowers being borne erect. Blooming commences a week or more earlier than in the late class, or about the end of August under our conditions. We very highly recommend the new Early California Giant Asters for short season districts, or wherever a large flowered type is wanted early in the season.

48	Apple Blossom , shell pink	1.30	15.00
84	Crimson	1.30	15.00
50	Navy Blue , mid blue	1.30	15.00
52	Peach Blossom , opens white, flushes lavender pink	1.30	15.00
54	Purple , dark purplish violet	1.30	15.00
56	Silvery Rose , rich rose, silver tipped	1.30	15.00
86	White	1.30	15.00
88	Finest Mixed	1.05	12.00

IMPROVED GIANTS OF CALIFORNIA CURLED AND INTERLACED *f*

The flowers are large and full, of the well-known Crego type, with broad graceful petals, borne on long heavy non-lateral stems. The plants reach a height of 3', blooming from late summer until frost. A fine cut flower type for florists.

		Per oz.	Per lb.
60	Apple Blossom, shell pink	1.05	12.00
68	Azure Blue, soft light blue	1.05	12.00
62	Carmine Rose, dark stems	1.05	12.00
80	Crimson (Bodger)	1.05	12.00
44	Dark Purple, wilt resistant (Bodger)	1.40	16.00
64	Dark Purple	1.05	12.00
66	Deep Rose	1.05	12.00
70	Light Purple	1.05	12.00
82	Loveliness (Bodger), rich pure pink, touched with salmon	1.05	12.00
72	Peach Blossom, opens white, flushes lavender pink	1.05	12.00
58	Silvery Rose (Bodger), rich rose, silver tipped	1.05	12.00
76	White, pure white	1.05	12.00
78	Finest Mixed	.90	10.00

GIANT MAMMOTH PAEONY FLOWERED *f*

A superb florist strain, with immense, fully double flowers resembling the Beauty type, borne on long, stout non-lateral stems. They are admirably adapted to shipping, as the compactly placed petals give substance and keeping qualities to the flowers. The plants are 2½'-3' tall, blooming with the Giants of California.

116	Aviator (Bodger), rich crimson	1.05	12.00
100	Azure Fairy, clear azure blue	1.05	12.00
102	Maiden's Blush, delicate shell pink	1.05	12.00
114	Mariner (Bodger), navy blue	1.05	12.00
104	Peach Blossom, opens white, flushes lavender pink	1.05	12.00
106	Purple Robe (Bodger), deep purple	1.05	12.00
108	Rosebud (Bodger), clear deep rose	1.05	12.00
90	Silvery Rose, wilt resistant (Bodger), rich rose, silver tipped	1.20	14.00
110	Silvery Rose (Bodger) (B.M., A.A.S. '34), rich rose, silver tipped	1.05	12.00
112	Swansdown, pure white	1.05	12.00
118	Finest Mixed	.90	10.00

EARLY BEAUTY WILT RESISTANT *f* (Bodger)

Planted at the same time, the Early Beauties flower with the Crego and American Branching types, or from early September until frost. The plants are from 2½'-3' tall, with long, stout stems bearing large well formed flowers. The colors are good, and the keeping qualities excellent.

120	Azure Fairy, azure blue	.70	8.00
122	Black Prince, deep marine violet	.70	8.00
124	Crimson	.70	8.00
126	Deep Rose	.70	8.00
128	Lavender, light grayish-lavender (not a florist's color)	.70	8.00
132	Purple or Dark Blue	.70	8.00
136	September Beauty, delicate shell pink	.70	8.00
138	White	.70	8.00
140	Finest Mixed	.55	6.00

AMERICAN BEAUTY WILT RESISTANT *f* (Bodger)

Plants 2½'-3', with long, heavy stems, bearing large, compact flowers. They bloom from mid-September until frost.

ZINNIAS *a*

We have been Zinnia specialists for many years, taking the lead in their development ever since our first outstanding Zinnia introduction, the Dahlia Flowered strain, which was rightly named a New Flower for the People. This type, developed in our experimental department and introduced by us in 1919, was the turning point which changed completely the status of the once unpopular Zinnia family. Since this time, we have developed and introduced many new types and varieties in the now extremely popular Zinnia group. Many additional varieties are in the process of development in our Zinnia workshop and will be presented within the course of the next few years. See our Bulletin No. 1, The Zinnia and its Uses, for full details on Zinnia Types and Culture.

TALL, LARGE FLOWERED TYPES

BODGER'S GOLD MEDAL DAHLIA FLOWERED *f* (Bodger) (G.M., R.H.S.'24)

The Dahlia Flowered strain was introduced by us in 1919, and all the colors have been of our introduction at various times since then.

The plants are of medium height, 2½'-3', very robust, bearing many strong stems of the fully double, huge flowers which resemble the show type of Dahlia. We have marked the most popular varieties with an asterisk (*).

		Per oz.	Per lb.
1260	*Canary Bird, rich canary yellow35	3.50
1262	*Crimson Monarch, deep crimson, flowers very large35	3.50
1264	*Dream, deep rosy lavender35	3.50
1266	Eldorado, salmon apricot35	3.50

1308	Good Mixed, field grown25	2.50

BODGER'S CALIFORNIA GIANT or MAMMOTH *f* (Bodger)

Introduced by us in 1926, this type has rapidly gained in popularity. The plants are taller than the Dahlia Flowered type, 3'-4', with long stems which adapt it particularly for use as a cut flower. The flowers are very large and flat, giving a graceful effect.

1350	Brightness, bright pink35	3.50
1352	Cerise Queen, beautiful orange rose35	3.50
1382	Cherry Queen, brilliant cherry rose35	3.50

DELPHINIUM PACIFIC GIANTS pf (Vetterle and Reinelt)

Remarkable new strain developed by Vetterle and Reinelt on the Pacific Coast. Flowers extremely large and well formed, 2½" to 3½" in diameter, symmetrically spaced on well balanced spikes of thin woody stems, practically 100 per cent double. This strain is comparatively mildew resistant. Seed we have to offer is of our own growing produced from the originator's stock seed.

LARKSPUR GIANT IMPERIAL af

Tall, upright, compact, basal branching in habit, the Giant Imperials have superseded all other types of Larkspurs for florists' and general garden use. The delphinium like spikes of double flowers, carried on stems 4'-5' long, are compactly placed on the upright growing plants, requiring only about one-half the space needed for the old stock flowered type of Larkspur.

POPPIES—IMPORTANT ANNOUNCEMENT

According to a recent ruling of the Federal Narcotics Department it is illegal to have in one's possession plants from which opiates may be extracted. These plants include the various strains of *Papaver somniferum*; in other words, Poppy, Carnation Flowered, Paeony Flowered, Cardinal and Tall Single Annual.

POPPIES—IMPORTANT ANNOUNCEMENT—Continued

After the Federal authorities had made several tests of the aforementioned Poppies growing in our fields it was ascertained that opiates were present in the sap of these different Poppies. At the suggestion, therefore, of the Federal and State authorities we have plowed under or cut and destroyed all plants of these several poppy types. We have also destroyed such seed as we had on hand and in the future will be unable to supply any seed whatever of the Carnation Flowered, Peony Flowered, Cardinal type and Tall Single Annual Poppies. Since it is illegal to grow these plants, all seed dealers would do well to remove these varieties from their lists in future.

It is with regret that we make this announcement since these poppies have long been among the popular garden varieties, but we feel sure all will agree that under the circumstances strict adherence to the provisions of this law is mandatory for the best interests of all.
